

## REMARKS

On June 17, 2008, the undersigned and Robert J. Irvine III (Reg. No. 41,865) held a telephone interview with the Examiner to discuss the pending application. During the interview, the undersigned, Robert J. Irvine III, and the Examiner discussed claim 1 and the cited Bowler reference. The Examiner agreed that a method of modifying a URL by replacing a name attribute with an index value, which corresponds to a relative position of the data field on the page, distinguishes over the cited art. By this response, Applicant has amended each of the independent claims 1, 25, and 49 to include various aspects that distinguish over the art of record. Support for the amendment can be found on page 130, line 30 to page 132, line 29 of Applicant's filed specification. Further, Applicant has amended claims 39 and 40 to correct minor typographical errors so that each of claims 39 and 40 depends on claim 38.

In view of the discussion with the Examiner, Applicant submits that claims 1, 6-22, 25, 30-46, and 49-63 are allowable, and thus Applicant respectfully requests favorable reconsideration and allowance of these claims. Should the Examiner wish to discuss this case with the undersigned, the Examiner is invited to call the undersigned at (312) 913-3351.

Respectfully submitted,
